

## **PDS Minutes for September 18, 2007**

- Dr. Tanaka's Office is located in CHEM A213. He generally posts his whereabouts so you can tell if he is gone for the day, if he has just stepped out, or if he is spending time in another part of campus. The PDS library of DAT materials and books on Dental Schools are located in his office cubicle. If you would like to borrow something, fill out the sign out sheet in the office with your name and return it promptly when you are done.
- If you have not filled out a release form for the telephone list that Dr. Tanaka is compiling, please get a form from him as soon as possible. We would like to give all members a phone/email list so that they may contact others in the society. Your information will not be printed unless you have filled out a form.
- The Constitution will be available for anyone that would like a copy.
- This years dues are \$25 and can be paid to our treasurer, Audrey.
- Membership in PDS is contingent on attendance to 2 meetings or society events so please keep this in mind throughout the semester.
- The Bodies Trip to NYC with the Pre-Med Society is tentatively scheduled for October 13.
- Community Service Activities: We will be participating as a society in two Community Outreach Service Activities. The first is a day spent with Special Olympic athletes. The second is volunteer work at a local soup kitchen on November 10 from 10 am- 2 pm. Please sign up at the next meeting if you are interested.
- We went over the necessary courses for admittance to dental school. These include two semesters of Biology, Physics, General Chemistry and Organic Chemistry. You should also take Biochemistry, Calculus and English.
- We would like to purchase t-shirts for PDS this year so think of some fun and creative ideas for slogans and graphics for the shirt design and bring them to the next few meetings.
- The next meeting will be Wednesday, October 3 at 7:00 pm. We will be discussing financing dental school.
