

UConn Pre-Dental Society

ORAL HEALTH PRESENTATIONS

What We Do:

For the Oral Health Presentations, volunteers from the UConn Pre-Dental Society travel to Elementary schools around Connecticut and educate students in grades K-5 on how to maintain good oral hygiene and keep their smiles healthy and bright.

Our Mission:

To give back to the community and bring oral health education to all populations in Connecticut.

How We Do It:

Through fun, interactive, and hands-on activities, the Pre-Dental volunteers provide the students with essential dental health information and education. Examples of activities include hands-on flossing and brushing simulations and good tooth/bad tooth games.
